

The **Speech Pathology** Group **Announces**

Communication Power Hour

Support your child's development

Promote effective communication skills

Generate self-confidence and independence

A Monthly Parent and Toddler Group Session

- Learn about typical language development
- Ask questions about your own child's difficulties
- Acquire language stimulation techniques to use in your daily routine
- Discover ways to use toys you have at home to teach play skills and early concept development
- Help your child's social skills improve in a structured group setting
- Find community resources suitable for you and your child's level of need

Sample Program Activities

- Facilitated play/toy suggestions
- Theme-based structured activity (learning common vocabulary through music, stories, and play)
- Snack time (practice requesting with words or sign)
- Questions and answers/group support

Sessions are offered monthly in Walnut Creek and Berkeley. Please call The Speech Pathology Group at (925) 945-1474 for more information and to reserve your space. Fee: \$25.00
